This absolutely pristine home needs only your family...nothing else!. Your home has a great layout with serene water views from the kitchen, family room, master bedroom and a guest bedroom. Located in a wonderful family community built with kids in mind, the amenities include a splash pad, a resort-type pool, multiple play ground areas (tot lots), beach volleyball, an exercise room and tennis courts. You will never be bored! After all the excitement, relax in your over sized lanai and gaze out over the tranquil water. Schools are very close by with the elementary school within a short walk and the beach is only a 14 minute drive. The sprinkler system draws water from the lake which is a money saver for you. The stove, dishwasher, microwave oven and the sink are new. The A/C is 5 years old. Accordion shutters throughout. Sprinkler system is 1 1/2 yrs old. House has been professionally pressure-washed on the outside - from the roof down - and professionally painted outside (and inside)...
