Amazing Pinecrest Home with Pikes Peak Views! This former model home offers 5 bedrooms, study, 4 baths, an oversized 3-car garage and great outdoor spaces. The main level floor plan features a smooth flow with a spacious great room filled with natural light from a 2-story wall of windows, stone fireplace and easy access to both the separate dining room and gourmet kitchen. Also on the main level is the master suite with fireplace, walkout and 5-piece bath and the study or additional main level bedroom. The upper level features two large bedrooms, a shared Jack n' Jill bathroom and large sitting area with balcony. The lower level includes a large family room, wet bar with wine room, theatre room and two additional bedrooms. The outdoor spaces offer an east facing patio off kitchen and master, west facing patio with fireplace and Pikes Peak views plus balcony off the upper level and Front Range views.
