This classic Charlotte cottage has been transformed to a modern masterpiece with no detail unaddressed! Inside you'll find an upgraded chef's kitchen, complete with quartz counters and gas range. Three bedrooms, 2 full baths, hardwoods, and a brand new sunroom overlooking the private 1/2 acre lot. Use the BRAND NEW 2nd floor for a child's room, bonus, craft room, man cave, or even a master. The possibilities are endless! Outside, you will enjoy the FIVE CAR garage. There are bays for 5 vehicles, or take 2 bays and close them into a 2nd living quarters (already plumbed!). Brand new covered patio, circular driveway, in-ground irrigation, too many updates to mention. This is a rare opportunity and a must-see. Enjoy the privacy of this meticulously maintained gem nestled in the heart of South Charlotte, close to everything.
