Pride of ownership is apparent in this stunning home located in desirable Northgate Highlands! A two-story entryway greets you at the front door and the adjacent family room features a wall of windows for lots of natural light. The gourmet kitchen truly is the heart of the home with gleaming stainless appliances, a large breakfast nook, bar seating and walk-in pantry. The main level also includes: dining room (currently home to a grand piano), expansive study, half bath and sizable laundry room. The upper level features a catwalk that overlooks the family room and private backyard. The master suite with five-piece bath and walk-in closet is completely separate from the other bedrooms for maximum privacy. With three additional bedrooms (one with a walk-in closet) and a full bath, there is plenty of comfortable space for everyone. Head down to the finished basement family room for a game of pool or a movie and maybe a refreshment from the wet bar, or enjoy the steam room/shower before...
