Perfectly set on a tree-shaded lot, this property feels like home the minute you pull up. The living room is warm and inviting with pristine hardwood floors flowing into the dining room. A spacious kitchen with granite counters opens to a deck that overlooks a level, partially fenced in backyard. Walking down the deck stairs you'll find a ground level concrete patio offering additional outdoor living. This patio also has slider access to the family room, and the additional full bath. The master bedroom with two separate entries to the bath offers no lack of storage; boasting dual closets. Two other spacious bedrooms with hardwood throughout, along with double sinks in the hall bath, complete the upstairs. Enjoy the lower /ground level family room with fireplace, (again with patio walk out) A nice sized room for many to enjoy together. Large 2 car garage.
